## List of Map

Cadastral Map of the Road Alignment
-------------------------------------

## **1. Introduction**

1. This Resettlement Statement Document describes the updated involuntary resettlement planning process and procedures that will be applied to the Surunga- Samamati- Tagandubba-Digalbank road sub-project of 23.70 km under the Rural Reconstruction and Rehabilitation Sector Development Program (RRRSDP) which triggers ADB's Involuntary resettlement policy and resettlement framework of RRRSDP.

2. The Surunga-Saranamati-Tagandubba-Digalbank sub-project is located in Jhapa District 20 km far from the district headquarter. The total length of the proposed road is 23.70 km and nearly 3.08 km section of road from Surunga Bazaar is blacktopped. The sub-project passes through four VDCs namely Surunga, Saranamati, Tangandubba and Kumarkhod. This road an old gravel road and it connects important market place to the Indian border Digalbank. The proposed road has been in operation for last 20 years and is backbone of the socio-economic activities of the area. The road will open a commercial door to India, which consequently will benefit the road alignment's population at large. It has also a market potentiality in Surunga, Samamati, Kamatoli, Taghandubba and Jhapa Bazaar supposed to be economic boost up of the local population.

3. In this sub-project, total 10.70 ha land is occupied by the existing road where 7.52 ha private and 1.66 ha of public land is falls under existing road. The estimated land value for deed transfer is NRs. 47402286. It was found that 338 HHs are affected under existing track and 418 plots are affected.

## **2. Justification for Preparing Resettlement Statement Document**

4. There is neither any plots were sharecropped nor squatter families were identified and not found issues related to entire entitlements. Further, there is no scope to acquire additional land, loss of trees and dislocate private and public structure in the entire alignment for road widening as this road sub-project already consists of existing track of 10 meter width. The private land already falls under existing track since this road has been operating for last 20 years. None of the land owners will be displaced due to the construction of this proposed road. The land owners have shown their willingness to transfer their ownership of land to the Government. Hence, this road alignment is justified for not acquiring additional land and ensures no loss of any kind of properties. In addition, no significant impacts are being experienced by land owners in this road section. So that this subproject fall under category "C" of Involuntary Resettlement policy of ADB. Therefore, there is no need for Resettlement Plan preparation to the implementation of the road subproject.

## **3. Community Consultation, Participation, Disclosure**

5. The community meetings and interviews were conducted with the owners of existing land which is needed for upgrading the road. During the meeting people were requested to donate the land needed for the construction of the road as they already donated the land along with its complete deed transfer prior to awarding the contract. The resettlement statement document has been disclosed to the community as they were very much keen to know about the resettlement process particularly deed transfer. Four consultations meetings held with community and affected household at different date and venue in the VDCs, where proposed alignment and project modalities were discussed particularly focusing on the condition of no further additional land requirement. Further, the discussion was carried out about the deed transfer process for land under existing road. For detail information please see appendix: 1

#### 4. Grievance Redress Mechanism

6. A Grievance Redress Committees (GRC) will be established at subproject level for hearing the complaints of APs and for their appropriate resolution. Other than disputes relating to legal rights, it will review all grievances relating to land acquisition. Grievances will be redressed within two to four weeks from the date of lodging the complaints. GRC comprises:

- i. Head of DDC/local leader (Chairperson),
- ii. One representative of the local bodies;
- iii. Two representatives of the APs (including VG member)
- iv. One representative of civil society organizations;
- v. One representative of Project
- vi. Social mobilisers/NGO to attend as observers and to give support to APs.

7. Each VICCC will form a Grievance Redresses Sub-committee at VDC level comprising 3 members from VICCC and 2 members from APs to hear complaints and grievances at local level. APs can approach the sub-committee with his/her problem which is then discussed locally with the aim of amicable settlement. The social mobilizers/NGOs will act as intermediaries to assist the vulnerable APs.

8. The key functions of the GRCs are to (i) provide support for APs to lodge their any complains (i) record the complains categories and prioritize them; (iii) settle the grievances in consultation with APs and DTO staff; (v) report to the aggrieved parties about the decision/solution; and (vi) forward the unresolved cases to higher authorities. The main steps to be followed for the grievance resolution are in Box 1:

##### **Box 1: Steps for Grievance Resolution under the Project**

**Steps 1:** APs shall first file their complaints at VDC level GR sub-committee. The complaints will be discussed among concerned parties to settle the issue locally (within 15 days). The social staff and NGOs working in the VDC will facilitate the consultation and deliberation in this regard.

**Steps 2:** If no amicable solution reached at VCD level (within 15 days), APs can appeal to District level GRC.

**Steps 3:** If APs are not contented with the decision of GRCs or in absence of any response from them, the AP may resort to the legal remedies available under the Land Acquisition Act.

#### 5. Institutional Arrangements

The key agencies involved in implementation of this framework are as follows:

- Project Coordination Unit (PCU) supported by Central Implementation Support Consultants (CISC) at Department of Local Infrastructure and Agricultural Roads (DoLIDAR), Ministry of Local Development (MLD);
- District Project Office (DPO) supported by District Implementation Support Team (DIST) at District Development Committee (DDC); and
- Village Infrastructure Construction Coordination Committee (VICCC)

##### 5.1 Central Level Arrangements

9. The Project Executing Agency has been established PCU to handle and coordinate RRRSDP management works. The PCU has overall responsibility for the coordination of the resettlement activities. The CISC will support PCU in effective planning and implementation of the resettlement, compensation and rehabilitation measures outlined in this resettlement plan. The resettlement specialists under PCU/CISC will look after the policy compliance and monitoring of the proper implementation of the plan and its recommendations.

## 5.2 District Level Arrangements

10. At district level, District Project Office (DPO) will be established to ensure that ADB's Policy on Involuntary Resettlement is followed in preparation and implementation of subproject resettlement plans. DPO will coordinate with the Chief District Officer, Land Revenue and Survey Office, District Agriculture Development Office, District Forest Office. The DIST will assist the DPO in planning, preparing and implementing the resettlement activities and plan. DIST will help the affected person with information campaigns to promote clarity and transparency, and help with community level consultations about entitlements and of what to do with compensation payments and income generation opportunities. DIST will also act as advocates for APs to access government programmes for income generation and local development.

## 5.3 Subproject Level Arrangements

11. Project Manager of the district will lead the implementation of the plan in sub-project level. He will establish the coordination among the district offices for the successful implementation of the plan. The project manager will integrate construction, land acquisition and compensation activities within sub-project. The District Infrastructure Coordination Committee (DICC) and Village Infrastructure Construction Coordination Committee (VICCC) will provide necessary support to the project manager in the planning, implementation and monitoring of the resettlement activities.

## 5.4 Compensation Determination Committee (CDC)

12. The Land Acquisition Act 1977 provides for the establishment of Compensation Determination Committee to decide compensation levels at District level. This is composed of the CDO, the LRO, a representative of the DDC and the project manager. To make the decision taking process transparent and representative of the affected persons, someone from the VICCC and DIST member will be invited as observers.

## 5.5 Resettlement Budget and Financing Plan

13. The financial resources necessary for deed transfer for existing roads is budgeted into the project costs and will be administered according to the Land Acquisition Act 1977. These include: (i) Direct compensation costs for acquisition of assets; (ii) Costs associated with enhancement measures for affected households and persons; and (iii) Costs associated with the implementation and management of resettlement activities and capacity building of the project agencies

## 6. Cost Estimate for Deed Transfer

Table 1: Cost Estimate for Deed Transfer

Item	Unit	Total loss	Rate	Amount (NRs.)	
1	Transportation allowance	HHN	338	500	1,69,000
2	Official deed transfer fees	HHN	338	2000	6,76,000
	<b>Sub Total</b>				<b>8,45,000</b>
3	Appreciation program for land owners	LS			75,000
	<b>Total</b>				<b>9,20,000</b>
4	Contingency (2.5%)				23,000
	<b>Grand Total</b>				<b>9,43,000</b>

Note: \* This cost will be covered by the overall project management cost.

\* This cost will be covered 500 Land Owners of 4 VDC of Surunga-Digalbank road sub-project.

## **7. Monitoring and Evaluation**

### **7.1 Monitoring at District Level**

14. The District Project Office (DPO) will be responsible for the internal monitoring of the resettlement planning and implementation throughout the sub-project cycle. The DPO shall submit monthly progress reports to PCU on implementation of resettlement plan. The PCU will submit quarterly monitoring reports to ADB for its review. Such reports will be posted on websites of ADB and PCU.

15. Project Manager or his/her representative will attend VICCC meetings when required. Progress on resettlement implementation and any concerns will be discussed in such meetings. The VICCC and social staff will facilitate the monitoring of progress and resolution of any grievances locally.

16. DPO will organize periodic progress review workshops involving APs representatives. Special attention will be given to securing the participation of women. The workshops will provide households with the opportunity to discuss both the positive and negative aspects of their resettlement, compensation and reestablishment. An inclusive problem-solving approach will be followed, using local experiences and realities as the basis for solutions. Social development and resettlement coordinator will facilitate such workshops.

### **7.2 Verification by PCU**

17. The verification of satisfactory implementation of RP including completion of land compensation is a condition for contract award and commencement of civil works. A verification report in this regard will be prepared by PCU assisted by Social /Resettlement Specialist and submitted to ADB along with proposal to award the contract(s). The verification report has to have investigated the extent to which any land donations were freely made and with adequate safeguard, and whether assessed compensation/assistance has been paid to the APs. About 10% APs may be surveyed as part of the verification.

### **7.3 External/Third Party Monitoring**

18. The implementation activities will be monitored and evaluated externally during mid term and final impact assessment through an independently appointed agency, consultant or NGO not involved with any aspects of the Project, which will provide report to both PCU/DPO and to ADB. The PCU will hire such external monitoring agency with ADB concurrence. A sample survey of affected households needs to be undertaken to assess the degree to which the Project's resettlement objectives have been met. The socio-economic survey undertaken for land acquisition will form a baseline data, from which many of the indicators can be measured. A sample survey at the end of the sub-project period will cover all the categories of APs and assess changes caused by the Project. The aim of the sample monitoring survey will be to measure the extent to which APs living standards have been restored/improved. The Table 7 include following monitoring indicators for external monitoring.

Table 2: Monitoring and Evaluation Indicators

Type	Indicator	Examples of Variables
Process Indicator	Staffing Consultation Procedures in Operation	Number of DoLIDAR staff on RRRSDP, for sub-project Number of other line agency officials available for tasks Number of Social mobilisation coordinators located in the field Number of Building Groups contacted or established and meetings held Grievances by type and resolution Number of field visits by DoLIDAR/project staff and social mobilisation coordinators Number of NGOs/CBOs participating in project Census and asset verification/quantification procedures in place Effectiveness of compensation delivery system Number of land transfers (owner to GON) effected Coordination between DPO and other line agencies
Output Indicators; data disaggregated by sex of owner/ head of household	Acquisition of Land Buildings Trees and Crops Compensation and Rehabilitation Reestablishment of Community Resources	Area of land acquired by road section and contract Area of private land acquired Area of communal/government land acquired Area of the land voluntarily donated Number, type and size of private buildings acquired Number, type and size of community structures acquired Number and type of private trees acquired Number and type of government/community trees acquired Crops destroyed by area, type and number of owners Number of households affected (land, buildings, trees, crops) Number of owners compensated by type of loss Amount compensated by type and owner Number and amount of allowances paid Livelihood restoration cost Number of community structures repaired or replaced Number of trees planted by government agency
Impact Indicator – data disaggregated by sex of owner/ head of household	Household Earning Capacity	Employment status of economically active members Landholding size, area cultivated and production volume, by crop Selling of cultivation land Changes to livestock ownership – pre- and post disturbance Changes to income-earning activities (agriculture) – pre- and post disturbance Changes to income-earning activities (off-farm) – pre- and post disturbance Amount and balance of income and expenditure

## 8. Deed Transfer Activities Implementation Schedule

Table 3: Implementation Schedule

S. N.	Tasks	April-10				May-10				June-10				July-10				2010				
		1	2	3	4	1	2	3	4	1	2	3	4	1	2	3	4	A	S	O	N	D
1	Submission of Draft RSD to PCU				*																	
2	Submission of Final RSD to ADB for approval					*																
3	Finalize list of Land Owners consultation with APs.						*															
4	Community meeting with Land Owners for Deed Transfer Process							*														
5	Inform to Land Owners for the Deed Transfer Process								*													
6	Collect application from the Land Owners for Deed Transfer									*	*											
7	Verify the application and prepare final list of Land Owners											*	*									
8	Preparation of Memorandum of Understanding (MoU) for Ownership of Land Transfer.												*									
9	Transferring the Land Ownership					Complete before than beginning of physical construction period																

## Annex: 1 Detail List of Consultation Meeting with Date, Venue and Participants

Location: Surunga- 9, Surunga VDC

Date: 2066/10/20

Meeting No: 1
